EDM Group

Crafting Your Digital Future with our IT Solutions Transforming Technology into Your Competitive Edge

At EDM Group, a coalition of six specialized companies, we provide comprehensive IT and software solutions tailored for the MENA region. With a focus on empowering businesses, our solutions seamlessly turn technology into a strategic advantage, helping you overcome obstacles and achieve sustainable growth. With our deep industry expertise and customized solutions, EDM Group doesn't just provide technology—we drive real, measurable outcomes that empower businesses to thrive in competitive markets.

About Us

Realizing Possibilities, Transforming Realities

EDM (Engineering Design and Manufacturing s.a.l.) is a leading Lebanese company with over 35 years of experience in delivering cutting-edge software and IT solutions. Headquartered in Lebanon, with key branches in KSA and Qatar, we serve as a trusted partner to businesses of all sizes and industries, guiding them on their digital transformation journey.

Our strategic partnerships with global leaders such as Microsoft, SAP, and CISCO enable us to offer cutting-edge, world-class solutions that are designed to not only meet but exceed the expectations of our clients in the region. Our partnerships include being a

Microsoft Gold Partner, a SAP Gold Partner, an LS Retail Diamond Partner, and an Odoo partner. Additionally, we collaborate with over 30 other technology giants such as CISCO, Micro Focus, Acronis, Kaspersky (Platinum Partner), and Sophos (Gold Partner).

We are driven by the belief that technology has the power to turn possibilities into realities. Our deep understanding of local markets and regional dynamics enables us to offer customized software solutions that drive growth and innovation. We look forward to partnering with you on your digital journey.

A Message from the CEO

Over the past 35 years, EDM has grown into a trusted partner for businesses across Lebanon, Saudi Arabia, and Qatar. Our journey has been one of continuous innovation, commitment to excellence, and an unwavering focus on delivering value to our clients.

Our presence in these key markets, coupled with our deep expertise, allows us to offer tailored software solutions that drive business growth and success. At EDM, we understand that each business is unique, and we pride ourselves on our ability to implement solutions that align perfectly with our clients' goals.

Our legacy is built on the thousands of success stories we've created with our clients, and we continue to be driven by the

same passion and dedication that has made us a leader in the IT solutions industry. With a strong foundation of 35 years of experience, we are committed to helping businesses unlock their full potential, leveraging the latest technologies to achieve sustainable growth.

Looking ahead, we are committed to staying at the forefront of technological advancements, constantly evolving to meet the dynamic needs of our clients. Together, we will shape the future of technology across the region.

I would like to extend my heartfelt thanks to our exceptional team and our valued clients. Your trust and partnership have been instrumental in our journey, and we look forward to continuing this journey of success together.

Cordially,

Abdussamii Al-Sharif
CEO

EDM Vision

At EDM, we strive to be the leading force in technology across Lebanon, Qatar, and KSA, setting the benchmark for exceptional design, development, and implementation of cutting-edge technology solutions. Central to our vision is the belief that collaboration is the cornerstone of success. We aim to build strong, trusting partnerships with our clients, suppliers, and employees—guided by mutual respect and shared aspirations. With EDM, we don't just enhance realities—we transform them, empowering businesses with software and IT solutions that consistently exceed expectations and drive extraordinary growth.

Our mission is to empower businesses in Saudi Arabia by simplifying the complexities of software selection and implementation through innovation, expertise, and a customer-first approach. We are dedicated to helping local enterprises make informed, cost-effective decisions that unlock their full potential.

We are committed to providing advanced, accurate software solutions that empower our clients with a competitive edge, driving their growth and success. We believe in delivering not just solutions, but experiences tailored to the unique needs of each client, ensuring both immediate results and long-term success.

Comprehensive Data Security with EDM

Acronis | AUTHORIZED
RESELLER

As data becomes increasingly valuable and cyberattacks rise globally, robust IT security is essential. Basic security tools can't keep pace with evolving threats and often leave critical vulnerabilities. EDM delivers a holistic risk management approach to data protection, encompassing Vulnerability Management, Threat Protection, Continuous Monitoring, Patch Management, Endpoint Detection and Response, Indication of Compromise, Certificate Assessment, Next-Generation Firewalls, and Mobile Device Management. Our comprehensive IT security services ensure your business remains secure, compliant, and resilient in the face of emerging cyber threats.

Why Choose EDM As Your Implementation Partner?

EDM has the right team of product experts to enable your project management, migration, and support with all necessary localizations for Lebanon, KSA, and Qatar.

■ Fully Invested in You

We offer a complimentary assessment of your current environment and propose the right supporting solutions that will enable your digital transformation process.

■ Team Availability

When working on big projects it is critical to have your service provider available in the same country with a branch in Riyadh. We also have a multilingual team (Arabic, English, French), to enhance communication, facilitate meetings, & enable project completion as per the planned timeline.

■ Extended Expertise

Being part of a company who has been established 35 years ago, the team has knowledge about the pain points and best practices in each industry. In addition to extensive experience in the markets of Lebanon, Saudi Arabia, and Qatar.

ZATCA Approved

EDM is approved from ZATCA and we are listed on the list of providers on the official ZATCA website. We have developed and integrated all the requirements of ZATCA I and II so you can make sure your accounting requirements are fully approved.

High Ethical Standards

When working with a partner, you are sharing access to your crucial data, we treat your data with the highest business operations standards related to security, availability, processing integrity, confidentiality, and privacy.

Localization

For customers in Lebanon, Saudi Arabia, and the MENA region, we have developed local add-ons to fit the legal requirements of each country such as VAT, accounting, e-invoice, QR code, WhatsApp integration, and mobile solutions.

Customization

We don't believe in one solution fits all, every business has unique needs, & we have the necessary experienced team to do needed customization to increase the added value of each software solution.

Reduced downtime

Our experience and the many projects that we have implemented, have enabled us to develop strong project management best practices which lead to fast implementation and reduced business interruption.

Case Studies

**Modern Food Company (MFC),
Riyadh, KSA**

Founded in 2012, MFC owns and operates prestigious and internationally renowned fine dining and casual dining franchises. Their portfolio includes such names as Myazu, Robata, Billionaire, Urth Caffé, Coya, Beefbar and Crazy Pizza. Today, the company employs more than 1,500 employees.

MFC selected LS Central POS system and Microsoft Dynamics ERP as their new restaurant management system.

MFC quickly started experiencing benefits. Today they finally have complete visibility over the entire business, from the back office all the way to the kitchens and front of house.

Thanks to the scalability of LS Retail software solutions and the width and breadth of functionality, MFC is confident they will continue to spark innovation and provide a superior guest experience in all their restaurants.

Case Studies

Alsaif Gallery, Riyadh, KSA

Alsaif Gallery is the largest retail company in the field of kitchenware and home appliances in the Kingdom of Saudi Arabia (KSA) and consists of 70 branches.

By implementing LS Central in their stores, the home appliances chain has gained full control over their inventory and streamlined their operations. While the brand is experiencing greater efficiency, customers are also enjoying better, personalized service.

Since implementing LS Central, Alsaif Gallery has opened two more branches in Kuwait and another two in UAE.

The company is currently working on implementing automated replenishment to automatically order new stock when existing stock is running low, ensuring that stores are always well-stocked.

Case Studies

Sultan Garden Center, Riyadh, KSA

Founded in 1986 in Riyadh, KSA, Sultan Garden Center has established itself as a top choice for gardening enthusiasts and professionals alike. Over the past three decades, the company has grown to eight large retail stores in Saudi Arabia & two in the UAE.

Sultan Garden Center chose LS Central because of its:

- single, centralized platform that integrates POS, ERP
- user-friendly POS interface.
- real-time inventory tracking.
- advanced reporting and analytics tools.
- integration capabilities with other systems.

Since implementing LS Central in their stores, they have achieved remarkable improvements, including:

- a 20% increase in productivity
- a 25% reduction in inventory holding costs
- a 50% reduction in order processing times

Case Studies

ALrimaya, Riyadh, KSA, Riyadh, KSA

Since 1995, Alrimaya, a subsidiary of Zaid Alhussain & Brothers Group Co, has been dedicated to serving outdoor enthusiasts in the Kingdom of Saudi Arabia, offering equipment for hunting, camping, and other outdoor activities. Alrimaya is today the country's largest retailer in the outdoor equipment sector, with over 55 stores across KSA.

They selected LS Central and Microsoft Dynamics due to its ability to unite POS, ERP, and inventory management, as well as provide real-time data synchronization, and robust reporting features essential for their operations.

Alrimaya has also experienced significant improvements to their overall business performance, including:

- A 20% reduction in inventory holding costs
- A 15% increase in sales due to better stock availability
- A 30% reduction in time spent on manual inventory management tasks

Some of our Clients in Lebanon

Testimonials

“With a single Point of Sale (POS) interface rolled out across all locations locally and internationally, it is now easy to change menus, prices, and offers. LS Retail software had a great impact on our franchise management practices. It has significantly improved efficiency, productivity, and data visibility, and now we know that our multi-chain business can expand with confidence.”

Ayman Abu Alezz,
Group Finance Director at MFC
Riyadh, KSA

“Thanks to the expertise of the EDM team, we were able to go live with LS Central in 60 branches across KSA in just 5 months, we couldn’t be more satisfied with the results. Working with EDM has enabled us to fulfill our vision of providing exceptional home appliances and kitchenware of the highest quality throughout the Arab world.”

Abdulelah Almofeez
Deputy CEO at Alsaif Gallery
Riyadh, KSA

Testimonials

“Switching to LS Central has been transformative for our business. Currently, we have an all-in-one system that gives us real-time insights and control over our operations, which wasn't realistic with our old setup. It's not just a software upgrade, it's a business revolution.”

Abdelaziz Gaffar Mohamed Ali

IT Director at Zaid Alhussain & Brothers Group Co. Riyadh, KSA

“Adopting LS Central has revolutionized our operations. The system has not only streamlined our inventory management but also enhanced our customer service capabilities. Previously, managing stock across multiple locations was a logistical challenge; now, it's a seamless process.”
